

## Investing in the Western Hemisphere

The Diaz-Verson Americas Equity Fund is designed to take advantage of investment opportunities in North, Central and South America. Only stocks traded on organized exchanges are added to the fund's portfolio mix.

Where one economy may be stale, another may be booming; and the fund responds accordingly in search of long-term growth. Bottom line, it's a fund that respects change and pays potential returns in U.S. dollars.

Dear Ms. Baker:

Richard D. Irwin is a major publisher of college textbooks for marketing, economics, accounting, and other business related courses. We are currently preparing the 6th edition of *Contemporary Advertising* by William F. Arens. This publication will carry a 1996 copyright date. This edition will include the student textbook and assorted ancillary teaching aids.

We would like to be granted the non-exclusive right to reproduce the attached material, in this and future editions of this textbook package, and in any electronic versions of the set that may be published. We would also like this non-exclusive right to be extended to the possible distribution of this product, throughout the world, and in all languages. We need either a 4-color ad slick or color transparency for reproduction. Credit for use of the ad or photo will appear as you specify. Please sign and fax a copy of this letter to me at the above number.

If you have any questions regarding this request, please call me. Thank you in advance for your prompt attention to this matter.

Sincerely,

  
Michael J. Hruby  
Photo Researcher

I (We) grant permission for the use of the material described above.
