Dear Sam,

I would like to tell you about Pam Baker. She is thorough enthusiastic and has the stuff it takes to properly present any kind of event.

I have worked with Pam for several years now and find her with great initiative and energy.

She has many clients in our area who you might contact for further references.

I enjoy talking to her about an idea and hearing her immediately planning away the steps to carry it out. Pam is very good in Public Relations and what is more she is a true loyal friend. With best wishes to you and Dusty, I am

Elena
